This Corporate Contributor License Agreement is entered into by and between the undersigned company (the "Company") and Research Industrial Systems Engineering (RISE) Forschungs-, Entwicklungs- und Großprojektberatung GmbH, with notice address at Concorde Business Park F, 2320 Schwechat, Austria and contact email opensource@rise-world.com ("RISE"). The rights that the Company grants under these terms are effective on the date the Company first submitted a Contribution to RISE, even if a submission took place before the date on which the Company signed this Agreement.

This version of the Agreement allows the Company to submit Contributions to RISE, to authorize Contributions submitted by its designated employees to RISE, and to grant the copyright and patent licenses stated below.

1. Definitions

"You" (or "Your") means the copyright owner or legal entity authorized by the copyright owner that is making this Agreement with RISE. For legal entities, the entity making a Contribution and all other entities that control, are controlled by, or are under common control with that entity are considered a single Contributor. For purposes of this definition, "control" means (i) the power, direct or indirect, to cause the direction or management of such entity, whether by contract or otherwise, (ii) ownership of fifty percent (50%) or more of the outstanding shares, or (iii) beneficial ownership of such entity.

"Contribution" means any original work of authorship, including any modifications or additions to an existing work, that is intentionally submitted by You to RISE for inclusion in, or documentation of, any of the products owned or managed by RISE (the "Work"). For purposes of this definition, "submitted" means any form of electronic, verbal, or written communication sent to RISE or its representatives, including communication on electronic mailing lists, source code control systems, issue tracking systems, code review systems, and related collaboration platforms that are managed by, or on behalf of, RISE for the purpose of discussing and improving the Work, but excluding communication that is conspicuously marked or otherwise designated in writing by You as "Not a Contribution".

2. Grant of Copyright License

Subject to the terms and conditions of this Agreement, You hereby grant to RISE and to recipients of software distributed by RISE a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable copyright license to reproduce, prepare derivative works of, publicly display, publicly perform, sublicense, and distribute Your Contributions and such derivative works.

3. Grant of Patent License

Subject to the terms and conditions of this Agreement, You hereby grant to RISE and to recipients of software distributed by RISE a perpetual, worldwide, non-exclusive, no-charge, royalty-free, irrevocable (except as stated in this Section) patent license to make, have made, use, offer to sell, sell, import, and otherwise transfer the Work, where such license applies only to those patent claims licensable by You that are necessarily infringed by Your Contribution alone or by combination of Your Contribution with the Work to which such Contribution was submitted. If any entity institutes patent litigation against You or any other entity, including a cross-claim or counterclaim in a lawsuit, alleging that Your Contribution, or the Work to which You have contributed, constitutes direct or contributory patent infringement, then any patent licenses granted to that entity under this Agreement for that Contribution or Work shall terminate as of the date such litigation is filed.

4. Representations

You represent that You are legally entitled to grant the above licenses. You represent further that each employee of the Company designated on Schedule A below, or in a subsequent written modification to Schedule A, is authorized to submit Contributions on behalf of the Company.

You represent that each of Your Contributions is an original creation of the Company or that the Company otherwise has sufficient rights to submit the Contribution and grant the licenses in this Agreement. You further represent that any third-party licenses, restrictions, patents, trademarks, or other rights known to the Company and associated with any part of a Contribution have been disclosed in reasonable detail at the time of submission.

Where a Contribution submitted on behalf of the Company was generated, translated, summarized, completed, or otherwise assisted in whole or in part by generative AI, machine-learning systems, code-completion tools, or similar automated systems, the Company represents that such Contribution was reviewed with reasonable care by an authorized natural person, that the Company has the rights necessary to submit it and grant the licenses in this Agreement, that to the best of the Company's knowledge its inclusion does not knowingly violate conflicting third-party license terms or usage restrictions, and that the Company remains fully responsible for the Contribution.

You are not expected to provide support for Your Contributions, except to the extent You choose to provide support. Unless required by applicable law or agreed to in writing, You provide Your Contributions on an "AS IS" basis, without warranties or conditions of any kind, either express or implied, including, without limitation, any warranties or conditions of title, non-infringement, merchantability, or fitness for a particular purpose.

Should You wish to submit work that is not Your original creation, You may submit it separately from any Contribution, identifying the complete details of its source and of any license or other restriction, including related patents, trademarks, and license agreements, and conspicuously marking the work as submitted on behalf of a named third party.

It is the Company's responsibility to notify RISE when any change is required to the list of designated employees authorized to submit Contributions on behalf of the Company or to the Company's point of contact with RISE. The Company agrees to notify RISE of any facts or circumstances of which it becomes aware that would make these representations inaccurate in any respect.

The parties have caused this Agreement to be executed by their duly authorized representatives. The individuals signing below warrant that they have full authority to bind the respective parties to this Agreement.
